Fractional Financial Controller

Description

Job Title: Fractional Financial Controller

Location: London, UK (Hybrid/Remote Options Available)

Industry: Automotive Wholesale

Engagement: Part-Time / Fractional (2-3 days per week or project-based)

Company Overview

We are a dynamic and fast-growing wholesaler in the automotive sector, supplying a broad range of vehicle parts and accessories across the UK and Europe. As we scale our operations, we're seeking a seasoned **Fractional Financial Controller** to bring financial clarity, structure, and strategic oversight to support our continued growth.

Role Overview

As a Fractional Financial Controller, you will work closely with senior leadership to provide high-level financial management, improve financial processes, and ensure compliance and accuracy in all financial reporting. You will bring a strategic mindset while remaining hands-on with day-to-day financial operations.

Responsibilities

Key Responsibilities

- Oversee and manage financial reporting, including monthly management accounts, cash flow forecasting, and budgeting
- Implement and optimise financial systems, controls, and processes suitable for a scaling wholesale business
- Work with external accountants and auditors to ensure statutory compliance, VAT returns, and annual filings
- Provide financial insight and analysis to support strategic decision-making and profitability tracking
- Review and streamline stock and inventory accounting processes in line with industry best practices
- Support margin analysis, pricing decisions, and cost control initiatives
- Liaise with banks, lenders, and funding providers as required
- Assist in the preparation of board packs and investor reporting
